General Terms & Conditions

1. SPA Bhopal, invites sealed **Quotations** from water suppliers (through tanker) for supply of water at Bhauri campus of SPA Bhopal.
2. The water supplied at campus should be potable water. The supplier needs to provide a certificate on monthly basis (PH certificate) for the same from a recognized firm and also need to inform source of water to the institute.
3. The supplier shall have at least one tanker of his own (attach proof).
4. The institute requires 80000 to 100000 liter water on daily basis. The quantity may vary on different days and different seasons. The institute is having its own water supply resources, the supplier may be asked at any time to stop the supply of water completely or partly and no claim in this regard shall be accepted from the supplier.
5. The requirement of water will be vary depending on consumption of water on routine basis.
6. The rate should include all the taxes etc for the same.
7. The prices should be based on per litre.
8. The prices should include transportation of to and fro from the source of water to campus and return.
9. The prices should be for two types of supply (i) supply of water from external source (ii) supply of water from institute's internal source.
10. The institute has its own in house water sources. The supplier shall be required a) to supply whole or part of water from the institute's in house source of water b) to supply whole or part of water from outside source of water.
11. The facility will be required on 24*7 basis which means whenever and whatever quantity will be required, the supplier will be responsible to provide the water at any point of time whenever required.
12. The bill for the same will be submitted by the supplier on fortnight basis (every 15 days). And the payment will be made within 7 to 15 days after submission of the bill.
13. The services of the supplier shall be terminated by the institute at any point of time without assigning any reason. The supplier will not have any claim in this regard and no correspondence in this regard will be considered.

14. Record of all the water supplied must be maintained by the supplier and for each time water is supplied, the same is required to be verified by the IWD officials.
